COMMODORE'S MUSINGS

FROM THE COMMODORE, ON PAST, PRESENT AND FUTURE
WARREN NETHERCOTE KC3786, NOVA SCOTIA, CANADA

The days are getting shorter, so our focus should be on getting ready for the winter to come. What DN projects are you tackling? I am starting with some long-overdue runners. I bought two new insert blades from Ron Sherry just before my 2018 heart attack, and only now am I building runner bodies to put them on the ice. There are more projects to follow, but first you must start ...

Not everyone has a fancy runner press!

Our 2020/2021 season still has an element of uncertainty about it. Will we be able to host the 2021 Gold Cup, or even a North American Championship? The IDNIYRA EU National Secretaries are asking the same questions about the European Championship and should be addressing the issue during their next on-line meeting, October 3/4. COVID 19 infections seem to be on the rise again after an encouraging early summer but will this second wave be a problem or a paper tiger? Regardless of the outcome, we will race our DNs this winter. The question is, will we be sailing in ranked regattas or not? Our decisions will be driven by issues outside our control, primarily related to COVID 19 and the existence of any border crossing or quarantine restrictions. We will need to determine whether a Gold Cup is feasible in the October time frame, but a decision on the North American Championships can be made much later.

If we don't hold ranking regattas in North America, ranks will continue to be based upon the best result in the two previous Gold Cups, North American or European Championships. Similarly, the Regatta

Management Agreement is clear on failure to hold the 2021 Gold Cup due to COVID 19. It would be no different from the regatta being cancelled due to snow: the 2022 Gold Cup will be hosted by IDNIYRA EU.

The spring meeting of the IDNIYRA EU National Secretaries approved six proposals for submission to the membership, so I expect an on-line ballot this Autumn. The questions for the membership relate both to governance and technical specifications.

- Introduce the concept of sustainability to the EPIC Agreement
- Amend fleet seeding in the RMA to allow an unranked sailor finishing in the top 3 places in the Gold Cup to be directly seeded into the Gold Fleet in the following Continental regatta
- Rewrite rule A16 to put a tolerance on fuselage rectangularity (90 +/- 2 degrees)
- Require the fitting of a break-away tiller for safety (as submitted, this proposal would make most existing tillers or tiller heads illegal)
- Rewrite G14 to increase window size by 20% (this would improve visibility for collision avoidance)
- Add limitations on national flags to Section G (National flags are currently allowed on sails, but the national Secretaries felt that a size and location restriction was necessary to avoid scoring difficulties)

www.tiyc.net

Find us on Facebook

The first two questions will be provided by the IDNIYRA EU Secretary; the others will be provided by the Technical Committee after their review.

Finally, our own Annual Meeting tasked the Governing Committee with amending the responsibilities of the Treasurer to bring them up to date. That is a work in progress, the first iteration of which we offer for comment in a future Runner Tracks. And we have taken the liberty to reflect on how we might change the other officers' roles too.

Stay well and get cracking on preparing for ice!

IDNIYRA GOVERNING: MINUTES OF THE 2020 ANNUAL MEETING

Minutes of 2020 IDNIYRA Annual Meeting

Cottonwood Inn & Suites, Glasgow, Montana
22 January, 2020

Held in conjunction with the 2020 North American Championships

1.. The meeting was called to order at 8:06 PM MT by Commodore and Chair Warren Nethercote KC3786.

Governing Board members present:

Commodore Warren Nethercote KC3786
Vice Commodore Jody Kjoller US5435
Secretary/Treasurer/Executive Secretary Deb Whitehorse US2366
Past Commodore Bob Cummins US3433

2. Roll Call (Determination of Quorum)

Less than twenty percent of the paid membership was present. All action will be ratified by electronic voting.

3. Approval of the Agenda (subject to amendments or additions)

Colin Duncan KC5457 motions to approve the Agenda. Eric Anderson US5193 seconds. Agenda approved

4. Secretary's Report

a. Approval of the Minutes of the 2019 Annual Meeting (published in May 2019 Runner Tracks. Jeff Kent US3535 motions to approve; Karen Binder US5430 seconds. Motion carries.

5. Commodore's Report

a. Report on By-laws amendment by electronic voting
b. Report on EPIC Agreement voting by postal ballot
c. Report on 501(c)(3) implementation
d. Future ballots (Specification changes, by-laws amendments, election of officers.)
Jeff Kent US3535 motions to approve; Chad Atkins US4487 seconds. Motion carries.

6. Treasurer's Report

a. Report on Membership
b. Distribution of 2019 Financial Report (July 1, 2018 to June 30, 2018 together with 2020 year to date)
c. Discussion of Accounts and motion to approve. Motion to approve Jeff Kent US3535; Eric Anderson US5193 seconds. Motion carries.

7. Vice Commodore's Report, including report on perpetual trophies.

a. Warren Nethercote KC3786: Management of trophies is a burden. Do people feel strongly that we continue using our perpetuals? Is there a place to display traveling trophies? Should we carry on as we do now?
Bill Bucholz US3314: Perpetual trophies great way to preserve history, could be displayed.
Eric Anderson US5193: Should continue to have perpetual trophies. When they need replacing, convert to plaques, except for first place trophy.
Ron Sherry US44: If someone takes NA trophy to Europe, need to understand they are responsible for expense in sending back.
Motion to approve Vice Commodore's report Colin Duncan KC5457; Chad Atkins US4487. Motion carries.

8. Technical Committee Report

Technical Committee Chair Jeff Kent US3535: Last year was quiet, this year we vetted 2 proposals from Peter Hamrak M53. Those proposals will be on the spring ballot. Just recently made a unilateral decision on sail material being legal. We must start putting more teeth in the specifications. There will be some interpretations coming on sails. Hopefully, long term, we can take one section of the Official Specifications at a time so that they are easier to read and less confusing.
Motion to approve Lou Loenneke US294; Don Williams US3909 seconds. Report is approved.

9. Nomination of Candidates for 2020/2021

IDNIYRA Officers

a. Nominating Committee Report
b. Commodore: Warren Nethercote KC3786
Vice Commodore: Jody Kjoller US5435
Technical Committee: Paul Goodwin US46
Secretary/Treasurer: Deb Whitehorse US2366
Past Commodore: Robert Cummins US3433
Motion to approve nominations Jeff Kent US3535; Colin Duncan KC5457 seconds.
c. Nominations from the Floor
d. Motion to Close Nominations
Motion to close nominations Jeff Kent US3535; Colin Duncan KC5457 seconds.
Motion carries.

10. Nomination and Election of Technical Committee Members for North America

a. Election of Jeff Kent for the remainder of his term (because of procedural error in 2018 the Commodore has been appointing Jeff Kent annually. This is a request for the membership

to elect Jeff for the remainder of his intended term.)

b. Nomination and Election of a replacement for Paul Goodwin, whose term is expiring.
Motion to approve nominations and elect Paul Goodwin US46 and Jeff Kent US3535 as Technical Committee members Don Williams US3909; Bob Cummins US3433 seconds. Motion carries.

Continued next page

World Champion Mast & Plank 2019

<http://icewise.hu>

11. New Business

a. Proposal for amendment of runner specifications by Bob Gray US65

Technical Committee Chair Jeff Kent US3535: Minimum thickness changes so that 10-gauge steel off-the-shelf will be legal.

Motion to support proposal for a class vote David Frost US5358; Don Williams US3909 seconds. Motion carries.

b. Proposal for amendment of by-laws concerning financial management of regattas
Warren Nethercote KC3786: Submitted by Governing Committee: Our current bylaws the require host Rear Commodore to manage finances of regatta. The Governing Committee recommends that financial management be moved to the Treasurer. The Treasurer would work closely with host Rear Commodore to pay regatta bills.

Open to discussion:

Ken Smith US4137: Speaking as a former Western Rear Commodore who managed funds in region because Treasurer was not attentive. May not be wise in the future. Leave it in the hands of the Rear Commodore.

Rob Holman: US3705: Trying to fix something that is not broken. What is behind this?

Warren Nethercote KC3786: What we do now is contrary to our bylaws, we are acting outside our bylaws. Trying to align with what we are doing.
Eric Anderson US5193: Not all the regions have established checking accounts and the ability to handle the inflow and outflow of cash. Makes more sense to do that at a national level.

Motion to amend bylaws gen para 2 to transfer financial management from the Treasurer made by Jeff Kent US3535; Bob Cummins US3433 seconds.

36 in favor/ 1 opposed. Motion carries.
Proposal will be submitted to membership via electronic ballot, with ballot of elections of officers.

Ken Smith US4137: Suggests a rewrite of the Treasurer responsibility.

Warren Nethercote KC3786: Could the Governing Committee take that as a task to rewrite and bring back a proposal? Would like to bring back to next meeting.

Amend motion to rewrite Treasurer role by next annual meeting (2021) made by Warren Nethercote US4137; David Frost US5358. Motion carries.

c. Items from the floor
Eric Anderson: Thank current officers for their service.

12. Motion to Adjourn

Motion to adjourn made by Peter Van Rossum KC2766.

Motion passes.

Meeting adjourned at 9:26 PM

Commodore's Report to 2020 IDNIYRA Annual Meeting

Warren Nethercote, KC 3786

1. It was a reasonably busy year from a Commodore's perspective, albeit without much personal contact with members because personal health issues limited my travel. It was also a satisfying year from a governance perspective, as the organization has made significant advances administratively, and financially.

2. Rejection of Entries: As a result of discussions around the 2019 DN Gold Cup and North American Championships the Governing Committee proposed a by-laws amendment to the IDNIYRA membership. The Governing Committee was concerned that the constitution and by-laws provided no means for rejection of entries to a regatta. The proposed amendment added the capability to reject entries for cause but included procedures providing recourse against unwarranted rejections. The proposal was presented to the members via electronic ballot and approved.

3. EPIC Agreement: Late in 2019 we finally brought the EPIC and Regatta Management Agreements to the members of IDNIYRA and IDNIYRA EU for their consideration, by what proved to be the last postal ballot for the organization. Approval of the respondents was almost universal.

4. 501(c)(3) Implementation: IDNIYRA becoming a 501(c)(3) is old news, but we have had a year's operations within that regime. We filed our first IRS annual return and additionally obtained exemption from supervision under the Charitable Organizations and Solicitations Act and the Supervision of Trustees for Charitable Purposes Act from the Michigan Office of the Attorney General. We have been using the services of a Madison-based CPA to support IRS and Attorney General submissions: her support has been valuable and cost-effective. Acknowledgement of Michelle Dunn CPA in attendance

5. Future Ballots: We can now execute all future IDNIYRA ballots electronically after approval of the EPIC and Regatta Management Agreements. We anticipate four issues in two future ballots.

- Following completion of the Gold Cup we expect to issue an electronic ballot for consideration of specification changes: (1) Peter Hamrak's mast proposal; (2) Peter Hamrak's runner proposal; and, (3) Bob Gray's runner proposal if approved by this meeting.
- With adoption of the EPIC and Regatta Management Agreements there are now a number of duplicative (redundant) clauses in the IDNIYRA by-laws. Rather than having to maintain correspondence with the EPIC and RMA agreements, since those supercede our by-laws, we will propose deleting certain paragraphs in our by-laws.
- We would also propose amendment of our by-laws concerning management of finances for regattas, if the members support agenda item 11b.
- We would conduct the usual annual election of officers.
- Items 5a, 5b and 5c could be combined in a single ballot; specifications change proposals would be a separate ballot that would go to IDNIYRA and IDNIYRA EU members.

IDNIYRA Annual Meeting: Treasurer's Report

Deb Whitehorse, US 2366

The Treasurer's principal responsibilities are centred on the financial management of IDNIYRA, including maintaining membership and sail number records. This report reflects IDNIYRA's position up to January 15, 2020, or as near to it as possible.

Membership:

Ray Gauthier continued to manage the membership and sail number records as a volunteer, rather than as a Director. His support in this manner is appreciated and his responsiveness to membership and sail number inquiries has been noted by members.

As of December 31, 2019 IDNIYRA, had 213 paid-up members, all but 17 of them American. Most members pay dues on an annual basis, but 66 of them pre-paid membership for several years at a time. IDNIYRA accounting is on a cash basis so these payments for future year memberships are captured as current year income totalling \$1,716.

Twenty-one members paid sustaining memberships during the year. The proportion of their fee over and above the usual \$25 (check) or \$26 (PayPal) basic membership (totalling \$370) represents IDNIYRA's only charitable receipts for the year.

Financial Report:

The IDNIYRA has consolidated our banking into a single bank, Wells Fargo, and Paypal. This has simplified financial management. Our Madison, WI CPA filed out first report to the IRS this fall. Our balance is stronger than it has been in the most recent years.

Photo: Gretchen Dorian

MAKING THE BEST OF SPRING ICE IN THUNDER BAY

BY MIKE MADGE KC5449

After having what I thought had been my last hardwater sail in late March 2020, I had resolved that the season was over. I had been ice sailing since November 7, 2019, and was satisfied that I had taken advantage of the best sailable ice in Thunder Bay. It was time to gear up for soft water sailing.

Out of the blue, new DN owner Lyle Portelance called and told me about a nice sheet of ice in front of his home on Lake Superior at Birch Beach (close to where we held the Canadian Nationals a couple of years ago).

Lyle and I had attended a Western Challenge together and picked up a nice DN package for him. Lyle's work commitments have kept the boat idle during the last two seasons.

Upon hearing his observation and Lyle being relatively new to the sport, I was skeptical of his optimistic scouting report but could not resist the lure of sailable ice. I grabbed my GoPro, hockey skates, cleats, helmet, and made the 30 minute drive to his house.

CONNIE HARTVIKSEN IMAGES

CONNIE HARTVIKSEN IMAGES

**PHOTOS: CONNIE
HARTVIKSEN**

Just before reaching Birch Beach, there was an elevated view of Lake Superior. My pulse rate maxed out when I saw the large plate of mostly snow-free dark ice. Even more exciting was seeing the lone DN ripping around the lake.

I could not park fast enough. I grabbed my gear and headed out on the ice and regretted not bringing my own DN. Lyle spotted me and pulled his DN up with a grin from ear to ear. After exchanging pleasantries Lyle graciously offered me his boat to sail. The ice was as good as it looked from up top, stretching from Caribou Island all the way to Bays' End. My best guess would put it at 40 square miles. The long term forecast was for below-normal temperatures.

I went back home to retrieve

my DN that had already been stored away for the year. A couple of phone calls and emails were made and it was season-on again here in Thunder Bay!

We had an excellent week of DN sailing with the luxury of a loaner-boat which allowed me to introduce 4 new individuals to the sport. I am pretty sure the loaner boat logged 300 miles.

I provided a modified sailing clinic for the new sailors. The fleet was put through a series of follow-the-leader maneuvers including tack-ing, gybing, rounding marks, and short course racing drills. It was satisfying to see their boat handling skills improve each day. Inevitably the end of each day was finished with a debriefing and stories of moments of glory.

On a final note, Lyle almost had a disaster-ending to the season. On the last day, while derigging, he left his

Sherry mast laying on the driveway. Lyle's wife arrived home and was about to turn into the driveway. Seeing the inevitable unfolding before my eyes, I yelled out to Lyle who quickly motioned to his wife to stop. She stopped with her front wheel nestled right up to the mast, similar to what you would see in a game of chicken. Luckily the mast and probably the marriage was saved.

We all ended the season on a high note and are enthusiastically looking forward to the coming season. Soon it will be time to switch back to hard-water sailing. November is only a few weeks away.

Mike Madge KC5449

21. Host National Secretaries meeting 2021 Online

22. Determination of contributions to the IDNIYRA - Europe and event entry fees (Postponed to Autumn)

23. Budget 2020/2021 (Postponed to Autumn)

24. Other Business

Topic 1 Ascertainment of a Quorum (Day 1)

It was confirmed that the invitation to the Annual meeting was issued in time and a quorum of 10 National Secretaries was present. Germany joined-in later. Day 1 Attendance list of the general meeting was collected by the Secretary.

Topic 2 Opening remarks and Review of the 2019/2020 Season

The Commodore opened the meeting with a welcome to all present. The Finnish fleet was thanked for their efforts in trying to organize this year's meeting. Unfortunately due to the health risks involved and the difficulties in transportation caused by the COVID-19 pandemic, the meeting had to be held online. The webmaster and the secretary were thanked for coming up with the idea of the online meeting and setting up the infrastructure.

Season reviews were done in writing and have been collected earlier. » See Appendix 1.

Topic 3 Approval of the Minutes of National Secretaries' Meetings held in 2019 in Vienna and Hanover.

The Minutes of the previous meetings were made accessible to the attendees at the time of the invitation » See Appendix 2 & 3

The Minutes of the 2019 Vienna National Secretaries' Meeting and the Hanover Extraordinary Meeting were AGREED and Approved by unanimous Vote.

Continued next page

Topic 4 Matters Arising from Topic 3 not covered by this Agenda

The Commodore reported that the relocation of the Society to Vienna was successful. The dissolution of the old one by the liquidators are in progress.

No questions. No vote was needed.

Topic 5 Financial Report (Postponed)

The topic was agreed prior to be postponed to an extraordinary meeting in the autumn by the attendees.

Topic 6 WC/EC 2020 Report and Lessons Learned

The WC/EC 2020 Report was made accessible to the attendees at the time of the invitation

» See Appendix 4

The World and European Championship 2020 Report was Approved by unanimous Vote.

Lessons Learned:

A welcomed addition to the report was a Post-Event Feedback Survey done the first time which gave the organization valuable feedback on the issues experienced by our community.

a. Trophies: Many of the perpetual trophies didn't make it to the event and a few of the previous recipients have given us notice of the difficulties of transatlantic travel. The matter was further discussed in the [NA-EU Contact Report](#).

b. Internet Communications: There is a clear and popular demand to upgrade DN Europe's website and the mediation of its events. This year, we had real-time voluntary tracking via KWINDOO. North American Secretary Deb Whitehorse's live streams of the regatta and daily reports were a great help as well.

c. Online Notice Board: Along with the traditional physical one, there is a request to digitally share the results after each race. This year's regatta tracking software has a solution for that, although that may require additional onshore staff.

d. Race Committee: In recent years, there has been growing demand to open up the single-nation PRC system to facilitate the exchange of experience in regatta management. Stan Macur, Junior Programme Manager has submitted a proposal and volunteered to set up an International Race Committee.

» See Appendix 5

The National Secretaries' Meeting (NSM) Agreed unanimously to set up an International Race Committee on individual contracts with the members and tasks Stanislaw Macur to find proper candidates.

RKR

COMPOSITES

FAST MASTS

that won't break the bank...

RKR Composites has over 14 years of experience developing extremely durable and competitive DN racing masts at an affordable price.

All custom built for modern sail cut, high speed, skipper weight, and sailing style

Blow molded using the best quality aerospace epoxy, carbon fiber, E glass, and S glass.

Current models complete with all hardware

e. Media / Photographer: Currently, the European DN Class is involved with photographers only on a voluntary basis. In alignment with the submission of letters to the board by Tomasz Zakrzewski (» See Appendix 6), Benoit Marie (» See Appendix 7), Attila Pataki, Jr. (» See Appendix 8) and the WC/EC 2020 Report (» See Appendix 4), **the NSM Agreed with 1 abstention to set up a Media and Communication Working Group headed by the Secretary.** This Workgroup will need to present by the Autumn meeting: its members, Rules & Procedures, and proposed Budget.

f. Toilets on Ice: According to the assessment of the Post-Event Feedback Survey (» See Appendix 4), In order to attract female participants into our community and to our regattas the need arose to have a more accessible hygiene infrastructure available on the ice. **The NSM Agreed unanimously and tasks the RC to have a toilet on ice (for women).**

g. General Event Sponsorship: Answering the submission of letters to the board by Tomasz Zakrzewski (» See Appendix 6) and Benoit Marie (» See Appendix 7), In accordance with the EPIC & RMA, **the NSM Agreed unanimously to seek sponsors for the events in Europe and the NSM Agreed unanimously to set up Event Sponsoring Working Group headed by Tomasz Zakrzewski.**

This Workgroup will need to present by the Autumn meeting: its members, Rules & Procedures, and proposed Budget.

h. Professional Meteorologist: Answering the submission of a letter to the board by Rafal Sielicki (» See Appendix 9) after a brief discussion **the NSM agreed to have Professional Meteorologist one week ahead and during the WC/EC and tasks the Commodore to find one.** Passed by majority vote (Yes:10, No:4, Abstention:7)

i. Paid Jury Chairman: After the assessment of the WC/EC 2020 Report (» See Appendix 4), **the NSM Agreed with 2 abstentions to have a paid Jury Chairman during the events and tasks Stanislaw Macur to find proper candidates.**

j. Race Equipment: After the assessment of the WC/EC 2020 Report (» See Appendix 4), **the NSM Agreed unanimously to purchase its own race equipment for IDNIYRA EU, and tasks Stanislaw Macur the Treasurer to proceed in the matter.**

k. Special Committees / Working Groups: Programs during event Workgroup (Program Work-

group) - After the assessment of the WC/EC 2020 Report (» See Appendix 4), **the NSM Agreed to set up Programs during Event Working Group (WG3) and leaves it up to that year's Host Country's Fleet.** This Workgroup will need to present by the Autumn meeting: its members, Rules & Procedures, and proposed Budget.

Topic 7 Junior WC/EC, DN and Ice Optimist 2020 Reports and Lessons learned

After the assessment of the Junior WC/EC, DN and Ice Optimist 2020 Reports (» See Appendix 10), **the NSM Approved unanimously the 2020 JWC/JEC Report.** The Lithuanian DN Fleet was applauded for their work in organizing this year's Junior Regattas.

Topic 8 Junior Program Report

After the assessment of the Junior Program Report (» See Appendix 11), **the NSM Approved unanimously the 2020 Junior Program Report.**

Topic 9 Technical Committee Report

After the assessment of the 2020 Technical Committee Report (» See Appendix 12) and its presentation by Tomasz Zakrzewski, **the NSM Approved unanimously the Technical Committee Report.**

Topic 10 IDNIYRA - Europe Insurance Report

After the assessment of the IDNIYRA - Europe Insurance Report (» See Appendix 13), **the NSM Approved unanimously the 2020 IDNIYRA - Europe Insurance Report.**

Topic 11 Internet Communications Report

Along with the website an increased social media (facebook and whatsapp) presence has been noticeable in the last few years. A Common Communications Environment / Strategy-proposal has been submitted as a letter to the board by Attila Pataki, Jr. (» See Appendix 8). The webmaster's suggestion to move our conferences online was welcomed by the attendees.

After the assessment of the Internet Communications Report (» See Appendix 14), **the NSM Approved with 1 abstention the 2020 Internet Communications Report.**

Topic 12 EDNIA Report

After the assessment of the EDNIA Report (» See Appendix 15), **the NSM Approved unanimously the 2020 EDNIA Report.**

Topic 13 IDNIYRA-Europe – NA Contact Report

a. After the assessment of the IDNIYRA-Europe – NA Contact Report ([» See Appendix 16](#)), the **NSM Approved unanimously the IDNIYRA-Europe – NA Contact Report**

b. Trophies: Many of the perpetual trophies didn't make it to the event and a few of the previous recipients have given us notice of the difficulties of transatlantic travel. The Continental Secretaries have submitted a proposal regarding the trophies ([» See Appendix 16](#)), and **it was agreed that the two Vice-Commodores and the two Secretaries will work out a bilateral solution.**

Topic 14 Discharge of the Board of Officers (Postponed, only discussions)

The topic was agreed prior to be postponed to an extraordinary meeting in the autumn by the attendees.

Earlier this April, both Insurance Manager Niklas Müller-Hartburg and Webmaster Dietmar Gottke (Godie) had announced to retire from the board.

Godie stepped down in a heartfelt goodbye after 21 years of trusting and fruitful cooperation under many board constellations. Since 1999 (initially associated until 2005) he was webmaster on the board and has contributed essential solutions for IDNIYRA Europe, such as NIA-conform scoring software, Online Entry with ID-Check, Online Rule Tests and the Online Ballot.

The NSM - in the name of the entire Icesailing Community - expresses its gratitude and wishes him good health and a lot of fun icesailing as an ongoing member of EDNIA and fellow competitor in the regattas.

Post Meeting Note: Niklas Müller-Hartburg has agreed to stay-on as Insurance Manager until the Autumn Meeting.

Topic 15 Election of IDNIYRA - Europe Officers for 2 year period (Partially Postponed, Preliminary decisions)

The topic was agreed prior to be postponed to an extraordinary meeting in the autumn by the attendees.

The Commodore decided in accordance with [Sections III \(12\) and \(13/3\) of our Constitution](#) that the Insurance Manager and the Webmaster functions

will be assigned to the Commodore and the Secretary respectively. **The NSM notes the decisions of the Commodore.**

The Commodore proposed and the NSM agreed that IDNIYRA EU Board will consist of 5 members in the future as the Webmaster and Insurance Manager positions will be combined with other Board Members. **Motion Passed by 2/3 majority vote (Yes:19, No:0, Abstentions:2)**

Topic 16 Letters to the Board and Proposals

a. Media Coverage ([discussed and voted under Topic 6.e.](#))

b. Website ([discussed and voted under Topic 6.e.](#))

c. Sponsorship ([discussed and voted under Topic 6.g.](#))

d. Professional Weather Forecast ([discussed and voted under Topic 6.h.](#))

e. International PRC ([discussed and voted under Topic 6.d.](#))

f. IDNIYRA EU Membership Fee: Answering the submission of a letter to the board by Rafal Sielicki ([» See Appendix 9](#)) proposing **an annual membership fee raise to 50 EUR; after a brief discussion the NSM voted not to pass the motion (Yes:6 ,No:13, Abstentions:2)**

g. Darling Mark Distance & Size: Answering the submission of letters to the board by Tomas Lindgen ([» See Appendix 17](#)) and IDNIYRA NA Commodore Warren Nethercote ([» See Appendix 18](#)) after a brief discussion **the NSM Agreed unanimously to assign the task to Dietmar Gottke to start negotiations with NIA about the possible change/amendment of that rule.**

h. PRC Procedure in case of a crash: Answering the submission of letters to the board by Tomas Lindgen ([» See Appendix 17](#)) after a brief discussion **the NSM Agreed unanimously to assign the task to Dietmar Gottke to start negotiations with NIA about the possible change/amendment of that rule and Agreed unanimously to task the RC to include Racing Rules NIA, Part II. Section J. "Accidents" to the standard SI.**

i. Technical Specifications Compliance: In accordance with letters received from IDNIYRA NA Commodore Warren Nethercote ([» See Appendix 18](#)) and Technical Committee Chairman Jeffrey Kent ([» See Appendix 19](#)) IDNIYRA Europe joins the NA Governing Committee in its concerns and efforts to enforce the compliance of the technical specifications. **The National Sec-**

Continued next page

retaries Meeting unanimously agreed to commit to enforcing the Official Specifications in all IDNIYRA EUROPE events and tasks the RC and All IDNIYRA EU Officers to do so as well. Meanwhile, the National Secretaries Meeting calls on the Technical Committee to rewrite the Official Specification of the DN Iceboat in a manner that it should be unequivocal for a non-native English speaker, the Interpretations should be eliminated, where necessary they shall be incorporated in the core text and an additional document - called "Measurement Guide" - shall be drafted to help Measurers in their work. Tasked to the Commodore and Agreed unanimously.

j. Technical Specification proposals: Fuselage, Cockpit, Runner, Plank, Sail & Steering. Letter to the board submitted by Peter Hamrák ([» See Appendix 20](#)).

i. Fuselage side degree: After a thorough assessment of it's pros and cons, **the proposal was passed with the vote of the Chairman (Yes:6, No:6, Abstentions:8), the NSM agreed to submit the proposed changes of the Official Specification for Class Vote Procedure.**

ii. Cockpit construction: After a thorough assessment of it's pros and cons, **the proposal was voted down by a majority (Yes:7, No:8, Abstentions:5)**

iii. Fuselage material: After a thorough assessment of it's pros and cons, **The proposal was voted down by a majority (Yes:2, No:13, Abstentions:5)**

iv. Fuselage carbon reinforcement: After a thorough assessment of it's pros and cons, **the proposal was voted down by a majority (Yes:2, No:18, Abstentions:0)**

v. Plank overall length: After a thorough assessment of it's pros and cons, **the proposal was voted down by a majority (Yes:2, No:10, Abstentions:8)**

vi. Runner plank material: After a thorough assessment of it's pros and cons, **the proposal was voted down by a majority (Yes:4, No:15, Abstentions:1)**

vii. Plank reinforcement with carbon: After a thorough assessment of it's pros and cons, **the proposal was voted down by a majority (Yes:6, No:12, Abstentions:2)**

viii. Sail material: After a thorough assessment of it's pros and cons, **the proposal was voted down by a majority (Yes:3, No:8, Abstentions:8)**

ix. Steering safety feature: The forward-open steering post-head is widely utilised amongst the European fleet currently only on a voluntary basis. Unfortunately there have been accidents in the last few seasons in which the lack of this feature proved to cause horrific injuries which could have been avoided. **After a thorough assessment of it's pros and cons, the proposal was Passed by majority (Yes:19, No:0, Abstentions:1) and the NSM agreed to submit the proposed changes of Official Specification for Class Vote Procedure**

ASCERTAINMENT OF A QUORUM (DAY 2)

It was confirmed that on the 2nd day of the Annual meeting a quorum of 7 National Secretaries was present. Belarus, Estonia, Sweden and Switzerland joined-in later. Day 2 Attendance list of the general meeting was collected by the Secretary.

Proxy votes (day 2):

Denmark represented by Bernd Zeiger
France represented by Marek Lentsius
Lithuania represented by Attila Pataki, Jr.
Insurance Manager represented by Walter Koelbl
Webmaster represented by Jerzy Henke

k. Sail window size: Answering the submission of letters to the board by Tomas Lindgen ([» See Appendix 17](#)) after a brief discussion **the NSM agreed by a by majority vote (Yes:18, No:0, Abstentions:2) to submit the proposed changes of Official Specification for Class Vote Procedure and ask the Author to work with the TC on wording**

l. Sail flag sticker: Answering the submission of letters to the board by Ambroise Johnson ([» See Appendix 21](#)) **after a brief discussion the NSM agreed by a by majority vote (Yes:19, No:0, Abstentions:1) to submit the proposed changes of Official Specification for Class Vote Procedure and ask the Author to work with the TC on wording (maximum height 10 cm/4 inches and to be placed between the boom and the first batten, not obligatory)**

m. Late Entries / deletion of section 9.c.ii from the IDNIYRA EUROPE Organisation Rules: After a thorough assessment of it's pros and cons, **Niklas Müller-Hartburg's proposal ([» See Appendix 22](#)) was voted down by a 2/3 majority (Yes:4, No:14, Abstentions:3)**

n. Organization Rules amendment: Answering the submission of letters to the board by Niklas Müller-Hartburg & Attila Pataki, Jr. ([» See Appendix 23](#)) after a brief discussion **the NSM agreed to change duties of Insurance Manager listed in section 3.f. of the IDNIYRA EUROPE Organisation Rules, and agreed to change duties of National Secretaries listed in section 3.g. of the IDNIYRA EUROPE Organisation Rules. (Voted together) Passed by 2/3 majority (Yes:20, No:0, Abstentions:1)**

o. Organization Rules amendment: Answering the submission of letters to the board by Olli Virta & Richard Gustring ([» See Appendix 24](#)) after a brief discussion **the NSM agreed to amend section 5 of the IDNIYRA EUROPE Organisation Rules with the following wording:**

The following reports shall be sent to the Commodore and the Secretary at least 5 weeks before the meeting:

- Seasonal reports from each country
- WC/EC report and lessons learnt
- Junior programme report
- Junior WC/EC report and lessons learnt
- Technical Committee report
- IDNIYRA-Europe Insurance Report
- EDNIA report
- IDNIYRA Europe - NA Contact Report
- Internet communications reports
- The protocol of the National Secretaries' Meeting of the previous year

The Secretary shall send those out with the Agenda in order to let the Board Members and the National Secretaries can comment on the reports. The Financial report and budget proposal shall be ready and sent out by 2 weeks after the financial year ends (31st March). **Passed by 2/3 majority (Yes:20, No:0, Abstentions:1) And the NSM agreed that an elected participant may chair the Annual meeting instead of the Commodore. The IDNIYRA EUROPE Constitution and Organisation Rules shall be changed/ amended accordingly.**

Passed by 2/3 majority (Yes:15, No:2, Abstentions:4)

p. RMA amendment: Answering the submission

of letters to the board by Niklas Müller-Hartburg ([» See Appendix 25](#)) after a brief discussion **the NSM agreed to submit the proposed changes in the Race Management Agreement for Class Vote. Passed by majority vote (Yes:14, No:1, Abstentions:6)**

q. EPIC Agreement amendment: Answering the submission of letters to the board by Attila Pataki, Jr. ([» See Appendix 8](#)) after a brief discussion **the NSM agreed unanimously to submit the proposed changes in the EPIC Agreement for Class Vote.**

Topic 17 Yearbook and Runner Tracks

After the assessment of the Yearbook and Runner Tracks Report ([» See Appendix 26](#)) Deb Whitehorse was complimented and congratulated on all the hard and excellent work she provides for both these publications. Deb urges all European Secretaries to consider submitting articles and encourage our membership to do so as well. Topics can be technical (how to build, maintain, etc. DN components), regatta reports, and even non-racing (cruising) stories. **The NSM agreed by a majority vote (Yes:16 ,No:0, Abstentions:5) to pay a one-time \$1000 compensation to Deb Whitehorse for her work on the yearbook.**

Topic 18 EC 2021 - WC/EC 2022

- **The EC 2021 will be organized by Latvia between 21st- 26th February 2021**
- **NOR will be sent out no later than 20th December 2020**
- **Regular Entry: 2nd January - 5th February 2021**
- **Insurance ID Closes: 30th January 2021**

Switzerland indicated they would host WC/EC 2022, both offers were warmly welcomed.

Topic 19 Junior WC/EC 2021 - 2022

- **JWC/JEC 2021 will be hosted by Estonia.**
- **Date: To be announced by the Junior Programme Manager**
- **NOR will be sent out no later than 20th December 2020**

JWC/JEC 2022 - Poland volunteered to host

Topic 20 WC/NA 2021

The 2021 World & North American Championships are planned to be sailed between 24th-30th January and are organized by the Eastern Regions.

Topic 21 Host National Secretaries meeting 2021 Online

The Autumn Meeting will be held online on 3rd-4th October, if any personal meeting will be needed it will be organized in the format of the Hannover Meeting.

The 2021 meeting will be held online on 8th-9th May and any further meeting will be online if possible.

(Voted together) Passed by majority vote (Yes:18, No:1, Abstentions:2)

Topic 22 Determination of contributions to the IDNIYRA - Europe and event entry fees (Postponed)

The topic was agreed prior to be postponed to an extraordinary meeting in the autumn by the attendees.

Topic 23 Budget 2020/2021 (Postponed)

The topic was agreed prior to be postponed to an extraordinary meeting in the autumn by the attendees.

Topic 24 Other Business

The constitution change will be implemented according to the decisions made by the NSM.

The Commodore and the Secretary thanks all the participants for joining, wishes for a relaxing summer, asks everybody to stay safe and Think Ice!

Founded in 1997, Jeff Kent and Composite Solutions has manufactured high quality composite components for the marine sector for 20 years....

In 2017, Jeff has partnered with Sam and Oliver Moore to deliver engineering, prototype design, custom and production fabrication for Iceboating and beyond...

Sam, Oliver, and Jeff along with our technical and sales engineers Chad Atkins USA-4487 (North America) and Tomek Zakrzewski P-55 (Europe) are working at a feverish pace revolutionizing mast design and construction.

EUROPEAN SECRETARIES PROPOSALS FOR GOVERNANCE AND SPECIFICATIONS CHANGES

At the April 2020 European Secretaries meeting, the National Secretaries supported two proposals for EPIC and Regatta Management Agreement changes and four proposals for specifications changes that concern both IDNIYRA and IDNIYRA Europe members. With the National Secretaries' support these proposals can be referred to a membership ballot.

Once the IDNIYRA EU Secretary provides formal text for balloting an electronic ballot can be prepared. A two-thirds 'yes' vote would be required for any proposal to be approved, and if approved, changes would become effective May 31st, 2021.

The proposals, as described below are based on the original proposals plus direction from the National Secretaries where noted.

QUESTION 1:
RMA Para 10. b. Fleet Splitting.
by Niklas Müller-Hartburg OE-225

"NOW the rule says about setting the fleets:
Fleet assignments will be based on the following criteria:
1. Gold Fleet: Skippers who finished in the first 3 places in the Silver Fleet of the preceding continental or higher regatta. Skippers who finished

in the first 12 places of the Silver Fleet mini-qualification race. The remainder of this fleet will be comprised of the top ranked skippers who have registered and checked-in prior to the deadline.

It happened that Anton Dichenko qualified from Silver to Gold and the finished 3rd at the 2020 WC. According to the rule, he had to start at EC in silver again. Logical it should be that the 3rd of WC should start in Gold again. Of course it is quite sure he will make the qualification from Silver to Gold again, but it is not fair to Silver-Fleet sailors, because he takes away one qualification place.

I propose to add the following sentence to the rule: Skippers who finished in the first 3 places in the Gold Fleet of the preceding continental or higher regatta."

expensive to build, to make the yacht more durable, and/or to clarify existing specifications."

Proposed wording:
"Article II - OFFICIAL SPECIFICATIONS
Requirements for the yacht, sail, and attached equipment shall be set forth in the OFFICIAL SPECIFICATIONS OF THE DN ICE YACHT. The DN is an affordable, home buildable, one-design ice yacht. It is intended that changes in the OFFICIAL SPECIFICATIONS be limited to the following purposes: To make the yacht safer to sail, to minimize differences in sailing performance associated with the design and construction of the yacht, to make it easier or less expensive to build, to make the yacht more durable, environmentally friendly, and/or to clarify existing specifications."

Reasoning:
It is a paradox that we ride one of the most efficient wind-powered vehicles that are massively affected by the warming of our climate, yet we are not one of the most environmentally conscious sports. I think - if we want our sport to survive - so that the generations after us may even have the chance to see any natural ice on lakes essential for sharing the experiences that we have had the luck of encountering, we have an obligation in creating and promoting a culture that is sustainable.

We are also at the forefront of experiencing the effects of climate change. In the last ten years, it has become undoubtedly apparent that Europe along with the rest of the World's climate is warming. Each winter we have to travel farther and farther to find suitable ice for our regattas or even to practice. Mass events like our championships with approximately 150 participants have quite a substantial effect on the environment. Trash maintenance during our events, traveling by flight and/or by cars with top boxes and trailers all add to our community's carbon footprint, estimated at 200 tonnes (440 924lbs) of CO₂e / season.

Even though the major parts of the DN should be made mainly from wood, which if sourced responsibly is renewable, a lot of the materials used in the manufacturing of our boats and equipment are composites originating from fossil fuels, which are responsible for 2/3 of all greenhouse gas emissions. Although these materials degrade slower which makes them durable but are also toxic and could

QUESTION 2:
EPIC Agreement, Article II, Sustainability.
by Attila István Pataki, Jr. M-101

Existing wording:
"Article II - OFFICIAL SPECIFICATIONS

Requirements for the yacht, sail, and attached equipment shall be set forth in the OFFICIAL SPECIFICATIONS OF THE DN ICE YACHT. The DN is an affordable, home buildable, one-design ice yacht. It is intended that changes in the OFFICIAL SPECIFICATIONS be limited to the following purposes: To make the yacht safer to sail, to minimize differences in sailing performance associated with the design and construction of the yacht, to make it easier or less

EUROPEAN SECRETARIES PROPOSALS FOR GOVERNANCE AND SPECIFICATIONS CHANGES CONTINUED

end up in our host's waters and neighboring living environments through deterioration and accidents. The lack of recyclability and/or repairability of our sports equipment after a serious crash (which happens, unfortunately, more often) also puts a strain on our sailors' wallets.

It's important to state that we alone by adopting this policy will not solve this problem, but we can do our part in reducing the damage to our environment or at least doing our best in maintaining the status quo. I think if anybody desperately wants to spend energy on the development in our class we should guide them to do it responsibly and in compliance with the rules and the spirit of the class.

ing World (2020) <https://www.atlasobscura.com/articles/sailing-in-the-winter-iceboating>

QUESTION 3:

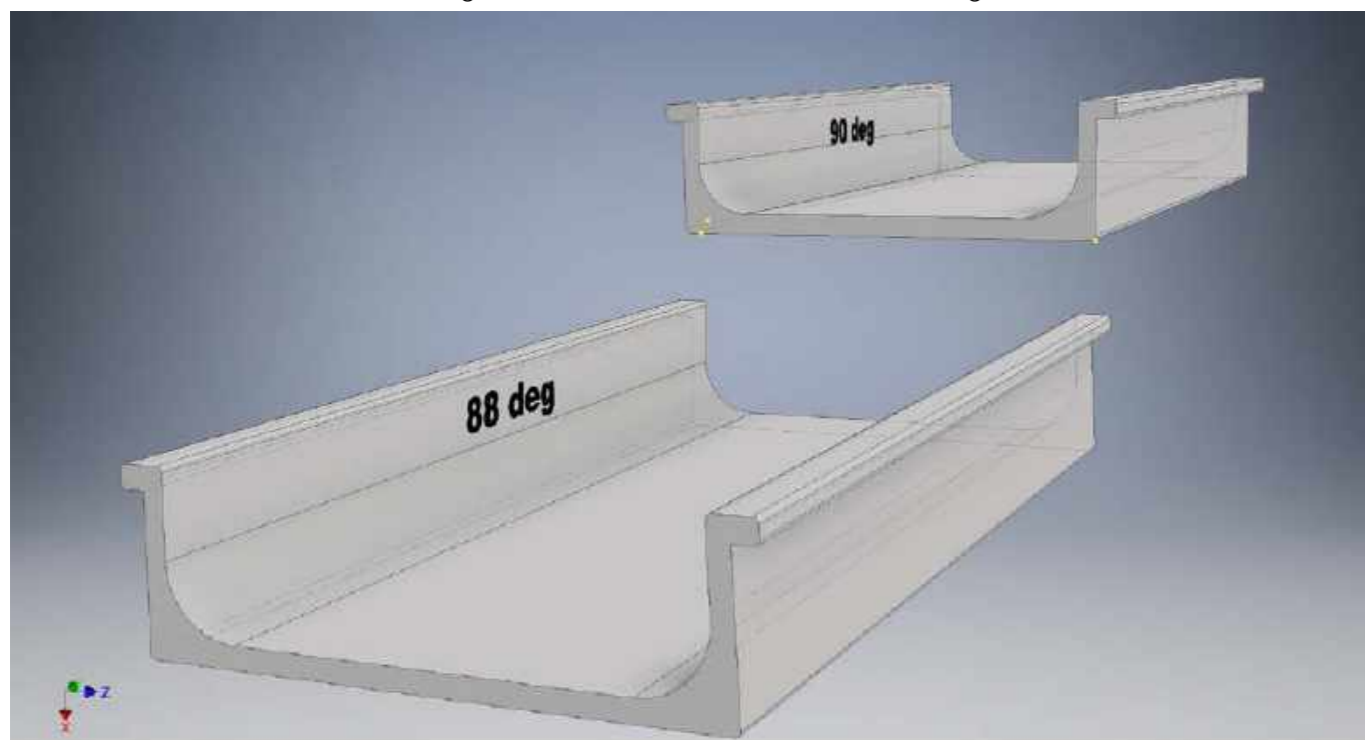

Technical Specification A16, Hull Cross Section. *Péter Hamrák M-53*

Existing Wording:

A16. Hull cross sections must be rectangular from a point 6" (153. mm) from the bow to a point 6" (153. mm) from the stern. A maximum 1/4" (6.3 mm) radius is allowed on the outside top corner of the fuselage where the deck and side panel intersect. Concavities in the deck are not permitted."

Proposed Wording:

A16. Fuselage side panel parallel projected planes intersecting with deck or bottom parallel projected planes shall be approximately perpendicular to each other with an allowed deviation of about 2 degrees from a point 6" (153. mm) from the bow to a point 6" (153. mm) from the stern. A maximum 1/4" (6.3 mm) radius is allowed on the outside top corner of the fuselage where the deck and side

Question 3: A. Fuselage 16. Hull Cross Section

Continued on page 14

EUROPEAN SECRETARIES PROPOSALS FOR GOVERNANCE AND SPECIFICATIONS CHANGES CONTINUED

panel intersect. Concavities in the deck are not permitted."

Reasoning:

The rectangular expression means, shaped as a rectangle, what is:

"A rectangle is a 2D shape in geometry, having 4 sides and 4 corners. Its two sides meet at right angles. Thus, a rectangle has 4 angles, each measuring 90°. The opposite sides of a rectangle have the same lengths and are parallel."

- The original phrasing is not taking into consideration the cockpit, the back-seat's head rest and its support, and the grab rail or the rounding on the edges, which elements do not make the cross section a rectangular shape. The rule is not clear in the original context.
- The new wording should be more precisely point out the original intent.
- In practice, the exact 90 degree angle is not

possible to reach especially in home building environments. Therefore a tolerance is needed to accept natural deformations.

- The deviation of 2 degrees from perpendicular is so small that it is not even noticeable on the construction. 88 deg or 92 deg side panel has no advantage nor drawback in the performance, so it has a neutral effect.
- There were discussions and arguments in the past that could be eliminated according to the rule change, and keeping the original intent.

QUESTION 4:

New, I18, Steering Post Head. *Péter Hamrák M-53*

Add new specification to Fittings, Section I:
I18. Steering post head shall incorporate a safety feature to release the tiller upon impact of the skipper's body.

Continued next page

Question 4: New I. Fittings 18. Steering Post Head

Reasoning:

- There were several injuries caused by the tiller. One of the most dangerous ones that it pokes or dagger any part of the upper body in case of an accident, when the skipper fall on the tiller.
- This safety slot or other solution that would allow the tiller to fall out on a harder push or impact, would save the skippers from injuries.

- Better safety due to higher visibility of the sails in adverse conditions.
- A visual recognition of the country during crossings.
- Some countries support competitors during international events providing some financial support.
- It would not be mandatory, but it looks pretty good.

QUESTION 5:**G14. Sail Window****Tomas Lindgren S-81**

The proposal to the National Secretaries was as follows:

Today we have maximum window area according to the specifications. We must try to minimize the the blind spot area between the mast and sail before the window. It should be increased with 20 % or change from a maximum area to a minimum window area instead.

QUESTION 6:**G13. National Letters****Ambrose Johnson Z-88**

"As discussed during our Swiss Annual Meeting, please find below the submission allowing a National Flag to be displayed at the bottom edge of our sails. The proposal allows the sailors to display their Nation Flag in addition to the National Letters by adding at the end of the article G.13 the following text:

' A national flag with a maximum size of 567 x 337 mm may be applied to both sides of the mainsail such that the aft edge of the flag is 100 mm from the leech and located between the lower and the second batten pockets. The flag shall not touch the race numbers. The flag shall be printed on separate material applied to the sail. The national flag shall correspond to the national letters.'

This text is largely inspired from the ILCA (Laser) Class Rules 4.h and of the definition https://en.wikipedia.org/wiki/National_flag. Considering that we sail boats, one may argue that this would be an ensign rather than a flag. The plus of our proposal are:

Note: Although the national Secretaries supported Question 6 in principle, they amended it to locate the flag between the lower batten and the boom and further restricted to size of the flag.

2021 IDNIYRA RANKING LIST

BY RANK

From the IDNIYRA Regatta Management Agreement (RMA)

14. DN Split Fleet Ranking

The Continental Secretaries shall maintain a fleet ranking. This ranking shall be updated yearly and shall be published by October 15 using regatta results from the previous two GCs (Gold Cup), NACs (North American Championships), and ECs (European Championships). This ranking shall be the lessor of the following:

- Best finish in the Gold fleet in the previous two WCs, NACs, and ECs.
- 22 plus your best finish in the Silver fleet in the previous two WCs, NACs, and ECs.
- 40 plus your best finish in the Bronze fleet in the previous two WCs, NACs, and ECs.
- 58 plus your best finish in the Aluminum fleet in the previous two WCs, NACs, and ECs. In the event of equal ranking for more than one sailor, the ranking which is based on the most recent race result will be considered higher.

All corrections must be submitted to the respective Continental Secretary by November 15. The list will be final on December 1.

Questions about your rank? Please email secretary.idniyra@gmail.com
